

Intersection of quantum learning theory, quantum sensing and quantum verification

YOUR TRAVEL PLAN

If you haven't booked your travel yet, we recommend flying into Geneva Airport. It's closer to Lausanne, and trains run there until late. However, Zurich is also easily accessible via a direct train and has more direct flights so is also worth considering (but be careful trains are running for early / late flights)

YOUR HOTEL BOOKING

Alpha-Palmiers By Fassbind
Rue Du Petit-Chêne 34,
Lausanne, 1003, Switzerland

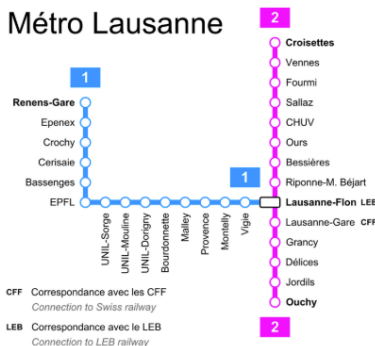

[Alpha by Fassbind - Hotels By Fassbind, Lausanne, Geneva & Zurich](#)

After you arrive at the hotel, the front desk will give you a QR code that will give you free access to public transportation in Lausanne for the duration of your stay.

HOW TO COME AT THE EPFL (metro station UNIL-Sorge)

From the hotel: Walk to Flon then take M1.
From the main station: M2 to Flon then M1.

Méτρο Lausanne

Lausanne, gare → Ecublens VD, UNIL-Sorge
